This is particularly helpful when trying to determine whether a game has been cancelled or delayed due to weather before driving a long distance. As soon as a field coordinator marks the game cancelled, everyone sees it in the display. The entire game displays in bright red, as indicated in the next slide.

The Arbiter Site Also Provides Directions

- After viewing a team schedule on line, if you are not sure where the game is being played, i.e. an away site, if you place your mouse on the site name link, which is in blue, and click on it, a map quest dialog box with directions to the site will automatically display, as shown in the next several slides.

For example, to find Legion Stadium, the home site of the Hammerheads, for the game on 6-25-05 when the Elite play the Hammerheads, click on the blue Legion Stadium link as indicated by the arrow and box below.

The central part of the page is a map of Wilmington, NC, showing a network of streets including Shawnee Trl, Berry Ct, Sunny Ct, Ilex Dr, Silver Lake Rd, Perth Dr, Argonne Ct, Curie St, Lorraine Cir, and Rh elms Way. A red star marker is placed on Mott Creek Rd. To the left of the map is Silver Lake, and to the right is Mott Creek.
