

ERIC JOHNSON

Presenting Eric Johnson with the Jim Carpenter Distinguished Service Award.

Eric, thank you for all of the countless hours, days and years of service and dedication that you have given to the "Beautiful Game", in particular to the referee community in our state.

Your years of service and dedication are recognized and deeply appreciated. You have been a mentor and a guiding light to so many referees and assignors and we are forever grateful for your dedication and support. I believe that everyone that you have touched during your career in soccer will echo John Bouda's recent words to you "He is an outstanding person in every regard and we are blessed to have him help nurture and encourage our North Carolina Soccer Family".
